1 EXT. CITY AT NIGHT 1  
SUPER: "New York City"

2 INT. BILLIONAIRE'S DESK - NIGHT 2

SPY MUSIC. A MAN, 32, enters in white tuxedo, sets down waiter's tray, lifts lid, revealing AWS-2000 receiver and transmitter with MKE1 plugged in and taped to the side.

NARRATOR (V.O. WALKIE)  
White Bellied Sea-Eagle what's your status?

SEA-EAGLE (V.O.)  
I'm in.

NARRATOR (V.O.)  
Your mission is to plant Senal's AWS-2000 wireless transmitter. You have 15 seconds to find a clean channel, sync it, and go.

GRAPHIC OVERLAY: A CLOCK IN LOWER LEFT CORNER COUNTS FROM 15

M - SEA-EAGLE'S HANDS

remove the receiver and transmitter, powering them up with this thumbs. He presses the AFS button on the receiver. Then, he rotates the transmitter to show the infrared panel.

NARRATOR (V.O.) (cont'd)  
Power up. Long press the AFS button on your receiver. "SCANNING" appears as it scans all frequencies and picks one free of interference.

He points transmitter's iR port at receiver's iR port.

NARRATOR (V.O.) (cont'd)  
When it shows "SYNC", face the units' IR ports at each other till the check mark pops up. Pass the receiver to short-toed snake eagle.

ECU - LED SCREENS

show the same channel. Audio level meters glow.

SEA-EAGLE (O.C.)  
Copy that. We're sync'd.

CU - UNDER THE DESK

Sea-eagle's hand attaches the transmitter.

MF - SEA-EAGLE

Exits with tray. SPY MUSIC swells.
